SECTION B

Parcelle n°636

Surface 18 009m2

COUPE TRANSVERSALE DD 1/50ème

This cross-section diagram shows the building's profile relative to the ground. The building has a gabled roof with a 73% pitch on the main sections and a 30% pitch on the side sections. The interior includes a technical mezzanine, an office, a stage area, and a boiler room. The ground profile shows a natural terrain with a 50% slope on the right side. Key elevation points are marked: +9.00, +4.36, +2.71, +0.00 = 609.20NGT, and -2.70. The platform level is at 608.60NGT. The diagram is divided into sections 1, 4, 7, and 9.

COUPE TRANSVERSALE CC 1/50ème

This cross-section diagram shows the building's profile relative to the ground. The building has a gabled roof with a 73% pitch on the main sections and a 30% pitch on the side sections. The interior includes a technical mezzanine, a main hall, and a bar. The ground profile shows a natural terrain with a 50% slope on the left side. Key elevation points are marked: +9.00, +4.36, +2.71, +2.35, +0.00 = 609.20NGT, and -2.70. The platform level is at 608.60NGT. The diagram is divided into sections 9, 8, 3, and 1.
